

## Week ending Friday 16<sup>th</sup> July 2021

### Our learning this week

What a strange week it has been, not having 2J in school with us. 2A and 2CA have really missed them but we know they've been doing some super activities with Miss Jones whilst isolating at home.

In school this week, the children have had lots of fun! We had a lovely time on 'Pizza Day' where we considered the ingredients that make up a pizza, thought about which food group they were from and how the choice of ingredients was important when thinking about whether a pizza was unhealthy or healthy. After some taste testing, the children selected their base and ingredients before making their own pizza to take home to cook. We had lots of positive comments about how much they enjoyed them!

The children have also completed two art projects. The first project was 'painting with plasticine' whereby the children used their knowledge of colour mixing to create a lotus flower, the national flower of India, linking to our topic on New Delhi. They then observed Van Gogh's work entitled 'Starry Night' using wax crayon and watercolours to re-create their own interpretation.

### Party Day

On Monday, Year Two will be celebrating reaching the end of Key Stage One by having party day! Children may wear their own clothes but sadly, we're not able to share food as we normally might. The teachers will be providing a few treats in the afternoon, which will be given individually to children to prevent any cross-contamination.

### Farewell!

This just leaves us to say thank you for all your support throughout what has been a really tricky year for the children. They have coped fantastically well with having to complete learning from home and we are so proud of their resilience and positivity. We hope you all have a wonderful summer and we hope that the children return in

September refreshed and ready to show their Year Three teachers just how amazing they are.

With best wishes,

Mrs Ashforth, Miss Allen and Miss Jones
