

Reception Newsletter

14th May 2021

Important Messages:

- A reminder that your child's learning journal may have been updated recently. There are spring and Easter pages for all children, as well as an update to the children's journals who have been our 'focus' for the week. If you can't log on to access the learning journals, please contact the relevant class teacher.
- Regularly logging on to Bug Club to revisit lessons, read your allocated e-books and play phonics games will help to support your child's phonic knowledge. If you cannot find your user name and password, please contact your child's class teacher.

Free Online Resources

Doubling numbers- Numberblocks

Activity to Try

- This week we have been looking at our newly hatched chicks and the children have been thinking of ways they can look after them. At home, you could ask your child how they looked after the chicks and perhaps you could ask them to write a word, or sentence, that explains this.
- Our *sounds of the week* are 'oo' (**food**), 'ar' and 'or'. We have been focusing on reading and writing words containing these digraphs. At home, you could revisit these lessons on Bug Club.
- In maths, we have been focusing on doubling. At home, you could use a mirror and place objects in front of an amount to help your child to double that number.

Teachers emails.
