Week ending Friday 25th June 2021

## Our learning this week

This week we have worked extremely hard completing our NFER assessments! We are super proud of all the children for always trying their best! In Maths, we have also been looking at worded problems and how to identify the calculation within the problem. In English, we have recapped adverb openers and began collecting ideas for our shared write.

## Appeal for our Art project:

In Art, we have been focusing on tint, tone and shade. We have enjoyed mixing paint carefully, to make different shades of colours. We are working towards creating our own art work using plasticine painting. Therefore, each child will need to bring in a cardboard square (A5 size, approximately 6inch by 8inch). Please can you send the cardboard in by **Friday 2<sup>nd</sup>**, if possible. Please do not send in a whole cardboard box, as unfortunately we do not have the room to store them. However, if you could spare more than one square of cardboard, it would greatly appreciated. Thank you!

## Sports Day

We will be holding a **Year Two Sports Day on Monday 5<sup>th</sup> July**. We are very sorry that we cannot invite parents and careers into school, due to the current climate. All children are to come to school in their PE kit and ensure they have a water bottle. If the weather is forecasted to be sunny, please ensure your child has a sun hat and sun cream. We are looking forward to competing as a class. Which Year Two class will be the winners?

## Summer weather

We have been very lucky with the hot, sunny weather recently. Therefore, please provide your child with **a sun hat and sun cream** for them to reapply at break and lunch times to keep them protected from the sun. Please also ensure your child brings a water bottle to school each day to keep them hydrated. However, the weather can be very unpredictable and therefore please ensure your child brings in a **waterproof**, in case it rains.
