

We are learning...

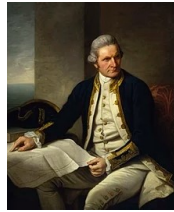

Coppice Year 1 Newsletter

6/5/19

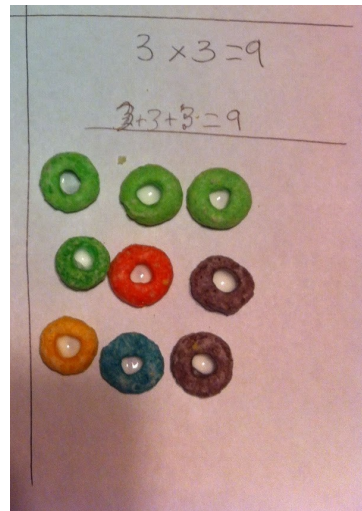

English:

This week in English, pupils will be writing their own pirate story. They will discover a treasure chest in the classroom, full of jewels. As a class we will explore where we think the treasure has come from. Children will also begin to look at our new story Captain Plank, beginning to learn the story by adding actions.

Maths:

In Maths, we will be consolidating our knowledge of concretely making arrays. We will then use arrays to add equal groups together, writing the repeated addition number sentence. You can practice this at home, using equipment such as Cheerios.

Topic:

In Topic, we will be learning about the British explorer James Cook. We will be exploring facts about his life, and his discovery of the East Coast of Australia. We will use the facts we find out, to write a fact file about him. What can you find out at home about James Cook?

W.O.W word of the week:

We will be sharing new vocabulary with the children that will support our learning in class. Can you use the word at home? We have sent home a template for you to share and display the word at home together.

'Non-native: living or growing in a place that is not the location of its natural occurrence.

Native plants: **indigenous** to a given area occurring naturally. '

Read Write Inc.

Some children have moved groups depending on their score in the recent phonics screening, as the main focus is confident decoding. This may mean that they bring home a story book they have already read. This will also ensure they become more confident and fluent readers.

Learning at home (optional):

As we are learning about the explorer James Cook, can you make an information poster about either James Cook or another explorer. You may find this website helpful. <https://www.bbc.com/bitesize/topics/zhpchbk>

Mathletics:

It is great to see so many children working at home, on Mathletics. Keep up the good work!

You may also want to visit Phonics play, to help prepare for the Phonics Screening Check!
