

Hello,

Homework:

You will find any logins that your child needs in their green homework log.

Mymaths:

In our maths lessons we have been completing some work on the formal methods of division. There are three activities which need to be completed this week to consolidate the learning we have been completing in class.

- Mixed tables 2 to 12
- Ordering and simplifying fractions
- Comparing fractions 1 and 2 bar models

Spelling shed:

The children are expected to complete 4 games weekly on playedshed.com. In addition to this, they are now expected to complete the look, say, cover, write and cover tasks in their homework diary. They will be tested on these words each Monday and then given 6 new spellings to learn.

- 6C - the suffix -sion
- 6G - the suffix -sion
- 6L - the 'sh' sound spelt si and ssi

Reading: Children should continue to read at least three times per week; parents should denote all reading with a daily signature in your child's homework diary.

Topic: The optional homework this half term is linked to Science your child will have a sheet with the different options. Please bring in any completed entries after Christmas term. This is an optional homework; however, homework like this will help prepare the children for secondary school.
