

Nursery Newsletter

21st September 2018

This week we have been...

- Focusing on our listening skills and playing lots of games to help us with this.
- Finding objects by saying their function. For example what can we eat/wear/play with?
- Using positional language to practice putting a teddy in, on and under a box.
- Threading straws on to string, popping bubble wrap, building multi-link towers and exploring water and corn flour mix with our fingers, to help improve our fine motor skills.

Important Dates and Messages:

- We hope to hold a coffee morning/afternoon in aid of Macmillan Cancer Support at the beginning of October where you will be able to purchase a ticket and come and enjoy coffee and cake while your child plays. This will be during school time. We will provide more details next week.
- All Day Children- please continue to send a packed lunch until further notice. We hope to offer hot lunches very soon.
- Please send in your child's £5 donation towards cooking and craft activities. Without donations these activities are not possible. Please hand your donation to one of the Nursery Team. Thank you.
- A message from Mrs Small: "It's the time of year when we have to be ready for 'Children In Need' fundraising. We have a wishing well in the main lobby of the school reception/office area where children can take as many turns as they like at dropping coins into the wishing well and making a wish!".

Happy 4th Birthday to Blake!

Weekend Activity

This week we have a simple, creative activity to complete with your child! Play a game with your child to take it in turns to try to turn a circle into something different (for example a happy face, a sunshine, a football, a snail, a spider etc.).

This activity helps with turn taking, fine motor skills and attention skills (waiting while parent/guardian has a go).

Let us know how your child gets on with this activity by commenting on SPTO. Thank you! ☺

Example:
