

# 4<sup>th</sup> June 2018 Our Week Ahead

Our week ahead – What are we going to be learning?

- All about minibeasts – naming and sorting them.
- Making amounts in different ways and using these to solve problems.
- Counting in groups 2s, 5s, 10s.
- Reading the story of 'Superworm' and designing our own Super minibeasts.
- Writing sentences from the Superworm story.
- Going on minibeast hunts and looking closely at them with a magnifying glass.

**WoW (word of the week)**

***'amphibian'***

Animals that live in water and on land.

We are in need of cardboard egg boxes and any clean yoghurt pots for some creative activities we will be doing the week after half term.

## Homework

We have been learning about responsibility this past week in Reception. The children have had to be responsible for caring for their pea seed they have planted and also for looking after their own 'flour baby' (the children will tell you about it). Over half term we would like you to give your child a responsibility for the week such as making their beds every day for the week, water the plants etc... If they do it for the whole week please let us know and we will award those children a responsibility certificate!
