

Year 1

Our week ahead - 22/03/21

Here is what we will be learning this week:

- English - innovating the story 'Where the wild things are' by Maurice Sendak.
- Maths - practicing using fact families and using them to problem solve.
- Handwriting - Working on capital letters.
- Spelling - ing
- Phonics - /s/ written as 'c(e)', 'c(i)', 'c(y)', 'sc'; and 'st(l)' as well as /s/ and /z/ written as 'se'

We are so happy to report that the children have settled back into school well. We have been getting back into routine and remembering school expectations.

It has been an adjustment for them but we are really proud of how hard they are trying - keep up the good work Year 1!

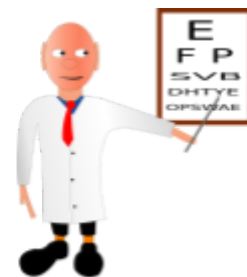

Reading Books

Please could you ensure that all reading folders, with reading books, are returned on Fridays. It is really important that we have the books in so that they can quarantine over the weekend. They can then be reassigned on Monday. If we do not have all books back then we do not have full sets and can not then use the books for group guided reading. With such a large year group, we need a lot of books, and therefore it is essential we have all books back on time.

The vast majority of children do bring their books back on time, which is super, we just need to make sure everyone does the same.

If you would like to read more books please feel free to use the free ebooks on the Oxford Owl website:

<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/>

Eye Tests

All children whose parents have not declined consent for this test will be screened in school on the 23rd/24th March.

They will be testing the childrens' eyes to be sure they are seeing properly and that the eyes are working together as they should.

A letter will be sent home to all parents with the results of the test. There will be a contact number on this letter for any queries.

Reminders

- Please can you ensure that children bring water in a named bottle every day.
- Although the weather is getting slightly warmer please remember that a coat is needed every day.
- Children should have a pencil case with pencils, colour pencils and a sharpener in school, these should all be named.
