

Year 1 Woodrush Animal Visit – 31.1.19

To finish our topic all about animals we visited Woodrush High School to meet all their animals. We got to see such a variety of animals – goats, chickens, ducks, a hawk, a snake, rabbits, guinea pigs, mice, a bearded dragon and a gecko!

We got to ask lots of questions about the animals which helped us to classify them into the key animal classifications – birds, mammals, reptiles. Unfortunately, we didn't see any fish or amphibians. We also discussed what foods the animals eat to help us decide if they were omnivores, carnivores or herbivores!

A special thank you to Mrs Hill at Woodrush for allowing us to visit and taking the time to show us the animals. We really enjoyed our visit!
