

We are learning...

Coppice Year 1 Newsletter

14/1/19

Maths:

- We are learning how to add by counting on from a given number within twenty using concrete, pictorial and abstract learning.
- We will also be finding and making number bonds within 20. Can you practice your number bonds on Hit the Button?
<https://www.topmarks.co.uk/maths-games/hit-the-button>

English:

- We are sequencing our new story Monkey see, Monkey do using a story mountain.
- We will also becoming authors by innovating the opening of the story.
- Can you practice and retell the story using the T4W actions?

Topic:

- We are identifying and classifying common animals including fish, amphibians, reptiles, birds and mammals.
- The children will be describing and comparing the structure of a fish and a dog.

Speaking to the Class Teacher:

Please be mindful at the end of the day that teachers are handing children out. If you need to speak to the class teacher please wait until all children have been handing out. If more than a few minutes are, needed please make an appointment with your class teacher. Thank you!

Woodrush Animal Visit:

We will be visiting Woodrush on 31st January 2019 in the afternoon.

Please make sure that children come to school in old, warm clothing.

If you would like to help on this visit— please speak to your child's class teacher/ comment in your child's communication book.

Spellodrome:

If you would like to explore spelling games, Spellodrome has interactive games.

You can access it through Mathletics.

Class teachers will begin setting spelling lists from next week.
