Coppice Year 1 Newsletter

18/3/19

English:

In English, we are making our own wanted posters to find the giant, focusing on writing the character description. We will be practicing spelling our key common exception words correctly, within sentences. We will also be re-capping the plural spelling rule, adding es/s where there is no change to the root word.

Maths:

In Maths, we are continuing to focus on measuring length and height, using key language taller, tallest, shorter, shortest. We will be developing on this knowledge to use cubes as a measurement to find double and half of an object. We will be recapping our shape knowledge, focusing on both 2D and 3D shapes. What shapes can you find at home? We will also be systematically using counters to represent number bonds to 20.

Topic:

In Topic, we will be focusing on describing and labelling parts of a tree. We will explore the functions of different parts of a tree, and compare these features to the parts of a flower. We will also be making our own bean diaries, identifying what our bean needed to grow. We will then observe the beans, and draw and write sentences to describe the growth of our beans.

Phonics homework:

Your child will receive a phonics support sheet in the plastic wallet, in the back of their communication book. This is to support practicing phonics at home. If you have any queries, please see your class teacher. We may answer any questions during the phonics information meeting, so please wait until then.

W.O.W word of the week:

We will be sharing new vocabulary with the children that will support our learning in class. Can you use the word at home? We have sent home a template for you to share and display the word at home together.

'evergreen' - An evergreen is a tree or bush which has green leaves all year round.

'I love you' event :29th March

In the infant hall, there will be coffee, tea and cake. Children will also be able to wrap up gifts for loved ones. Tickets are £3 on parent pay.
