

# Coppice Year 1 Newsletter

27th January 2020

## This week we are learning:

- **Maths:** The children will continue to use Base 10 to partition two digit numbers 11-20. We will be applying our counting skills to find one more and one less numbers 11-20. The children will begin to compare groups of objects and numbers up to 20 using key vocabulary of comparison '**greater than, less than and equal to**'.
- **English:** The children will continue to orally rehearse our story map of 'Jack and the Beanstalk'. We will be identifying words containing the '**ed**' suffix where no change is needed to the root word and applying this to our writing. The children will also be using and applying '**and**' to join to sentences together.
- **Geography:** We will be continuing our United Kingdom topic by looking at what is special about Wales and Northern Ireland.
- **History:** Look out for the new Knowledge Organiser coming home this week all about 'The Great Fire of London'. We will begin to sequence the events of The Great Fire of London.

## Concept Cat:

*We will be introducing a new concept to your child each week. We will model using the word as much as possible during the week. Can you use this word at home?*

**Wide-** 'The door is **wide** open'.

## Phonics Homework:

Phonics homework will be coming home on **Tuesdays**. Please read the sounds/ special friends (diagraphs) and then try to spot the special friends and blend to read the real and alien words.

## Big Bags:

It seems that since September the size of children's bags has increased. This is becoming a problem as they do not fit in the classroom boxes. Please be aware of this when purchasing a new school bag for your child. If you have a smaller bag that can be used instead, it would be greatly appreciated.

## W.O.W—word of the week: significant

To have a great importance.

The Great Fire of London is a **significant** event beyond living memory.

## Learning at home:

Look at your new Knowledge Organiser and learn a new fact!
