

Coppice Year 1 Newsletter

16th December 2019

This week we are learning:

- **Maths:** Children will begin to name and sort 3D shapes 'cuboids, cubes, cylinders, pyramids, cones and spheres'. We will also be naming and sorting 2D shapes 'triangle, circle, square and oblong (rectangle)'.
- **English:** The children will be writing their Christmas card home considering the size and formation of each letter.
- **Art:** The children will be using their knowledge of seasons to create a seasons calendar.

Merry Christmas and A Happy New Year from the Year One team.

Well done to all of Year One for a fantastic half term. Thank you for your continued support at home, we hope you have a lovely Christmas, and we look forward to seeing you again in the New Year.

W.O.W word of the week:

'three dimensional'

A **three-dimensional** object is solid rather than flat because it can be measured in three different directions 'height, length and width'.

Concept Cat:

We will be introducing a new concept to your child each week. We will model using the word as much as possible during the week. Can you use this word at home?

Straight— I use a ruler to draw a **straight** line.

Christmas Party day!

Children can wear *suitable party clothes* and bring a **named non-electronic toy** to play with.

The kitchen will provide pizza and chips for Year One children.

Children can also bring in cakes, crisps and squash to share with the class, if they would like to.

*Please be mindful when sending party food in, that it **does not contain nuts**.*
