

In Year 3 this week...

During our English lessons this week we have continued our shared writing of paragraph 3 and 4 of 'The Magic Paintbrush'. The children have also been learning how to perform the WAGOLL with fluency and expression. In Maths this week we have continued to practise our multiplication skills using a new method called 'short multiplication' and have begun to learn division. The children had a practical Maths lesson when we used a lot of different resources and practised our multiplication and division skills in a variety of different ways. During our Topic lessons this week 3P, have started our new History topic - The Stone Age! In art we created Cave paintings, using tea bag stained paper and pastels, chalk and charcoal 3K and 3HK have continued to look at pneumatic systems in DT for our 'Moving Monster' project and have designed their own monster ready to make next week.

Spellings - Spellings will be tested next Friday 7th February

station lotion section fiction fraction option

The **sh** sound can be spelt **ti** in the middle of words.
It can be followed by **on** to make the ending **-tion**, which sounds like **shun**.

Dates/Important Reminders**Design and Technology request:**

The children are very excited about creating Moving Monsters in DT. They have investigated Pneumatic systems and designed their very own monster. However, we have so far been unable to get burger boxes as they are very costly (for 92). Therefore we have decided that egg boxes will be a good substitute as they will still fit in with the children's designs, and could potentially be donated by parents as many will have them at home.

Please could parents donated any egg boxes (4's or 6's) and send them in with the children as soon as possible so that the children can begin the final stage of creating their Moving Monster. Thank you in anticipation.

Thanks,
Miss Keight, Miss Pugh and Miss Kirby
