Dear Parents and Carers,

As a school, it is essential that we remain at the forefront of online safety by providing opportunities to the wider school community to interact and discuss various e-Safety aspects. As you will know, online safety is becoming an increasing issue in today's society and we want to ensure that we protect our children as much as possible. We believe that more than ever internet safety education is a crucial element of the curriculum and an essential part of young people's development.

Online safety is a whole community issue and 'Childnet' have developed a presentation designed to improve parents' knowledge and understanding of the risks their child may face online. It also provides practical strategies and advice to help parents support their child online and signposts to further resources and reporting sites which may be of use. They are offering useful tools, support and guidance to help parents and carers have conversations with their children about their online lives. This session is designed to help you become more aware of the safety messages that your children receive in school in order that you can reinforce them at home and support your child in making appropriate online choices.

Miss Cooper will therefore be delivering the Childnet E-Safety parent workshop at The Coppice on Thursday 9th May 2019 at 5:00pm. This free E-safety workshop shows parents how best to ensure that their children are safe online. The session will last for one hour. Refreshments will be provided (tea/coffee and biscuits).

Please complete the slip below and return to the school office if you will be attending the session. We really hope that you will be able to attend and look forward to seeing you there.

Yours sincerely

Miss L Cooper

Computing/ICT Subject Lead

E-Safety Parent Workshop – Thursday 9th May 2019

Parent and child's name: _____

Please tick if you will be attending the workshop.

☐

I will attend the Childnet E-Safety Workshop at 5:00pm.

Number of people attending: _____
