✓ O.T or reflect on the visit to the
Hindu temple

Dear Parents

Your son has had an amazing experience at a Hindu temple. I would like to tell you about it.

The temple was in Dudley so we had to travel a long distance. When we got there, we met a lady that told us about why we should learn about different religions. She took us to a pot at the entrance and told us to say something.

✓ "God, I will leave my ego here."

It was time to go into one of the temples. She told us a story about Eresh and his brother having to race around the world three times to get a mango! After we had to take our shoes off. After that, we went into the main temple and
✓ prayed to the gods.

My favourite part was at the

end when we got squash, a togie
and a poppadom. They were scrump-
tious. I think that future year you
should go there as I learnt a
lot.

Yours sincerely, Lilly

(17P) Well done Lilly - a thoughtful reflection with lots
of interesting facts. 😊
